Sweco's Board of Directors adjusts its dividend proposal

Given the general level of uncertainty resulting from Covid-19, Sweco's Board has decided to adjust its dividend proposal. New proposed dividend is SEK 3.10 per share.

As announced previously, Sweco's financial position remains strong, with good liquidity and a project portfolio that is relatively unaffected by Covid-19. In the prevailing circumstances, however, it is not possible to estimate the full impact of Covid-19 on the company. The proposal should therefore be viewed as a precaution aimed at safeguarding Sweco's financial strength and flexibility.

The Board intends, should market conditions allow it, to call an extraordinary general meeting in the second half of the year to consider and resolve on an extraordinary dividend.
