

**Why will you do a split of the Sweco shares?**

The General Meeting resolved, as proposed by the Board of Directors, to split the share of the company, whereby each existing share shall be split into three shares of the same class of shares (share split 3:1).

The main reason behind the split is to ensure a more favorable price of the Sweco share.

**Does the split affect my investment?**

If you already own the Sweco share ahead of the split, there is no change to the value of the share after the split.

**What do I need to do as a shareholder?**

The share split will be done automatically through Euroclear Sweden AB. Shareholders do not have to take any action.

**When will the split of the Sweco shares occur?**

Each Sweco shareholder will on the record day for the share, estimated to occur on November 11, 2020, receive three shares for every share held on the record date.

**When is the last trading day before the split?**

The last day of trading before the split is estimated to occur on November 9, 2020.

**When is the first day of trading after the split?**

The first day of trading after the split is estimated to occur on November 10, 2020.

**Where can I see how many shares I have?**

You will be able to do this on the account in the bank where the Sweco shares are registered.

**How do I file the split of the Sweco stock in my tax returns?**

You need to contact the tax authorities in the country of residence for advice.
