

CORPORATE GOVERNANCE REPORT

SWECO AB IN GENERAL

Sweco AB is a public limited liability company with registered office in Stockholm, Sweden. Sweco's corporate governance is based on the Swedish Companies Act, Sweco AB's Articles of Association, Nasdaq Stockholm's Rule Book for Issuers, the Swedish Code of Corporate Governance, other applicable laws and regulations and its own policies, procedures and guidelines. Sweco's Board of Directors (the "Board") and management live up to the requirements of the shareholders, other stakeholders and Nasdaq Stockholm regarding sound and effective corporate governance. In accordance with the Swedish Companies Act and the company's Articles of Association, Sweco's governance, management and control are divided between the shareholders at the Shareholders' Meeting, the Board and the President & CEO. This Corporate Governance Report has been prepared in compliance with the Swedish Code of Corporate Governance and the Swedish Annual Accounts Act and has been examined by the statutory auditors.

BUSINESS MODEL AND PROJECT MANAGEMENT

Sweco operates according to a business model with a strong client focus, the best people in the industry, internal efficiency and a decentralised organisation. In Sweco's decentralised organisation, teams of consultants form the basic building blocks of the business. As each and every consultant is responsible for generating business, the company's operations must be permeated by a strong entrepreneurial attitude and approach. Sweco's client promise is to be most approachable and committed partner with recognised expertise.

Sweco's activities are carried out as projects. The project teams vary depending on project size, location and complexity. Each project is headed by a responsible project manager whose day-to-day work is facilitated by Sweco's group-wide business system. All operating countries are certified in accordance with ISO 9001 and most are also certified in accordance with ISO 14001 and OHSAS 18001. OHSAS 18001 will be replaced by ISO 45001 and a number of countries have already passed transition to ISO 45001, and the remaining countries are planned to be transitioned during first half of 2021. Organisations have until September 2021 to convert to ISO 45001. These certifications regard management systems. The certifications help Sweco to comply with legislation, improve projects' environmental aspects, identify potential risks and measure and improve client satisfaction. The Group's business system and its usage are audited every year by an independent quality assurance organisation. The system is also monitored internally on a continuous basis.

The responsibility of the Sweco consultant is to deliver sustainable and client-adapted solutions that have a high knowledge content, are of the appropriate quality and benefit the client's business. The Group's business system includes guidelines, policies and procedures focused on project results and is accessible to the consultants at all times. Sweco works continuously with improvement measures to develop working methods, promote sustainability and support the employees. Strategic skills development programmes are used to meet the consultants' need for ongoing education and training. The knowledge and experience gained by the consultants in their projects is preserved and developed for future use.

SUSTAINABILITY AND COMPLIANCE

Sweco's contribution to society is achieved through our client projects, but also through how we operate and act as a company. Long-term profitability and growth are driven by solutions that promote the sustainable development of society from an ecological, social and economic perspective. As consultants, Sweco's employees are often deeply involved in client projects, frequently in an early stage where there is great opportunity to exert an influence. This places high demands for individual awareness of business ethics and Sweco's procedures.

Sweco complies with the laws, regulations and other requirements applicable to operations in countries where the Group is active. In some cases, Sweco's standards and requirements exceed legal requirements. We support and respect all human rights, as defined by the UN in the Universal Declaration of Human Rights. Sweco follows the Code of Ethics formulated by the International Federation of Consulting Engineers (FIDIC) and works according to the principles in the UN's Global Compact.

Sweco's Code of Conduct establishes Sweco's and its employees' view on the company's social responsibilities, covering business ethics, employee development, human rights, equality and diversity, and occupational health and safety. Sweco's Code of Conduct gathers the ethical guidelines designed to enable corporate responsibility on the part of Sweco's employees and partners. Additionally, Sweco has a Business Partner Programme to enable that existing and prospective partners meet corporate responsibility requirements. Sweco also has group-wide policies on anti-corruption, gifts and business entertainment and sponsorship. Local guidelines specify areas of responsibilities in more detail.

The President and CEO is ultimately responsible for the Code of Conduct and other Sweco policies and their implementation, and every employee working at Sweco is expected to live up to these. Compliance is a matter for the executive management of the Group, and for managers at all levels in the Group down to the individual employee. All managers are responsible for ensuring that their employees have everything they need to comply with Sweco's policies and guidelines. All employees are obligated to familiarise themselves with the contents of the policies and guidelines, accept and follow them. Each employee is obligated to familiarise themselves and comply with the provisions of the policies and to encourage external partners to comply with applicable policies. An employee who suspects business ethics improprieties is obligated to report this internally, in the first instance to his or her manager, manager's manager, HR or Group Legal Affairs and, in cases where anonymity is called for, via Sweco's external whistle-blower function called Sweco Ethics Line. The President & CEO holds the ultimate responsibility for ensuring that the policies are monitored, e.g., through internal and external audits, internal statistics and line manager reviews.

Sweco views diversity as essential in creating an innovative and inspiring working environment and actively promotes equal rights and opportunities in the workplace regardless of gender, transgender identity or expression, ethnicity, religion or other belief, disability, sexual orientation or age. This is set forth in Sweco's Code of Conduct.

The Nomination Committee has applied Section 4.1 in the Swedish Corporate Governance Code as a policy for diversity of the members in the Board. Diversity is an important element in the nomination process. The Nomination Committee has continuously strived for an equal representation with regard to gender and diversity as to competencies, experience and background, which is reflected in the current composition of the Board.

See pages 98–111 for Sweco's Sustainability Report.

ORGANISATION

SHAREHOLDER GOVERNANCE THROUGH SHAREHOLDERS' MEETINGS

The Shareholders' Meeting is Sweco's highest decision-making body, where all shareholders are jointly entitled to make decisions on Sweco AB's affairs. Shareholders who are recorded in the share register on the record day and who provided notification of their participation on time are entitled to participate in the Annual General Meeting (AGM) and vote for all of their shares. AGM or Extraordinary General Meeting (EGM) resolutions are generally made by simple majority. However, in certain cases, the provisions of the Swedish Companies Act stipulate a qualified level of attendance to achieve a quorum or a specific majority of votes.

The AGM must be held in Stockholm within six months following the close of the financial year. Resolutions made by the AGM include, among others, adoption of Sweco AB and Group income statements and balance sheets, approval of dividends, discharge from liability for the members of the Board and CEO, determination of fees for the Board and statutory auditors, election of Board members, Chairman of the Board and statutory auditor, decisions regarding the Nominating Committee and other matters as required by the Swedish Companies Act. At Sweco AB's AGM, each shareholder has the opportunity to ask questions about the company and its performance during the past year. The Board, Executive Team and statutory auditors are present to answer these questions.

2020 Annual General Meeting

The 2020 AGM was held on 23 April in Stockholm and was attended by 231 shareholders, representing 78.65 per cent of the votes and 66.7 per cent of the share capital. Johan Nordström was elected Chairman of the

AGM. Due to Covid-19 and adaptations in physical presence to reduce the risk of spreading Covid-19, several of the attending shareholders exercised their voting rights by post prior to the AGM. For the same reasons the President & CEO Åsa Bergman held a shorter speech at the AGM. A longer speech was published on the company's webpage where the President & CEO commented on Sweco's performance in 2019, Sweco's development in recent years and the outlook for 2020.

The statutory auditor reported on audit-related work conducted during 2019. The submitted income statements and balance sheets were adopted and the Board and CEO were discharged from liability for the financial year 2019. The AGM approved an ordinary dividend of SEK 3.10 per share.

The AGM resolved, in accordance with the Nominating Committee's proposal, to elect the Board members, the Chairman of the Board and the statutory auditors and the fees for the Board members, members of the Audit Committee and the Remuneration Committee and the statutory auditors. The AGM also adopted the Board's proposed guidelines for salary and other remuneration to senior executives.

According to the Board's proposal, the AGM resolved to implement the Share Bonus Scheme 2020 on terms and conditions that generally corresponds to those of Share Bonus Scheme 2019 and stipulates that bonuses are paid in shares rather than cash. The resolution included decisions to implement the Share Bonus Scheme 2020 per se and to authorise the Board to transfer Class B treasury shares to secure obligations under the Share Bonus Scheme 2020 and to sell Class B treasury shares to secure payment of social security contributions.

The Share Bonus Scheme comprises a maximum of 1,100,000 Sweco Class B shares (no more than 825,000 for delivery to participants and no more than 275,000 to cover social security contributions). The AGM resolved to authorise the Board to transfer no more than 825,000 Class B treasury shares to employees under the Share Bonus Scheme 2020 and to sell no more than 275,000 Class B shares to cover social security contributions. The number of shares to be received by each employee corresponds to the employee's earned bonus for financial year 2020 divided by a base share price (corresponding to the average volume-weighted price paid for the Sweco Class B share during the period 16–27 March 2020) less the amount corresponding to the dividend per share for the financial year 2019. The base share price is restated in accordance with usual terms and conditions if events occur that affect the value of the share, including but not limited to any decision on share splits, bonus issues, redemptions and the like during the scheme's duration. Bonus per employee is based on the participating business units' EBITA per employee. Shares will be allocated to employees free-of-charge during the first six months of 2021 premised upon continued employment.

The AGM approved a long-term share savings scheme (the Share Savings Scheme 2020) for Sweco Group senior executives. The scheme comprises a maximum of 104,000 Sweco Class B shares (no more than 82,500 for delivery to participants and no more than 21,500 to cover social security contributions). The AGM approved the free-of-charge transfer of no more than 82,500 Class B treasury shares to participants in the Share Savings Scheme 2020 during the period they are entitled to receive Matching and Performance Shares.

The AGM authorised the Board to decide on acquisitions and transfers of treasury shares in order to deliver shares under the Share Bonus Scheme 2020 and the Share Savings Scheme 2020 and to cover thereto related costs for social security contributions, as well as to give the Board greater freedom of action in working to optimise Sweco's capital structure, including to enable Sweco to use treasury shares as consideration in, or otherwise finance, potential future company or business acquisitions. The authorisation may be used on one or several occasions up until the next Annual General Meeting. The number of acquired Sweco Class B shares may, together with Sweco shares otherwise acquired and held by Sweco, at any given time not exceed ten (10) percent of all issued shares in Sweco. Up to 1,100,000 Class B shares may be required to ensure Sweco's obligations under the Share Bonus Scheme 2020. In order to implement the Share Savings Scheme 2020, a maximum of 104,000 Class B shares are required.

Finally, the AGM authorised the Board to decide on the sale of Class B treasury shares on the stock exchange under the Share Bonus Scheme 2019 and the 2017 Share Savings Scheme. This authority, which may be

exercised on one or more occasions during the period preceding the 2021 AGM, applies to the number of Class B shares required to cover social fees under the 2019 Share Bonus Scheme (not to exceed 500,000 shares) and the 2017 Share Savings Scheme (not to exceed 36,400 shares).

The Board resolved at the statutory Board meeting to exercise its authority as granted by the AGM (as regard to the repurchase of shares: up to 12,000,000 Class B treasury shares).

Extraordinary General Meeting 22 October 2020

The EGM was held without physical presence by inviting the shareholders to exercise their voting rights only by postal voting. This due to the risk of spreading Covid-19 and the authorities' regulations/guidance on avoiding gatherings of people. 285 shareholders, representing 81.33 per cent of the votes and 71.51 per cent of the share capital, exercise their voting rights at the EGM by postal voting.

The EGM resolved on a dividend distribution to the shareholders of SEK 3.10 per share, in total SEK 367 million. This dividend distribution is in addition to the dividend distribution resolved at the AGM held on April 23, 2020.

According to the Board's proposal, the EGM resolved to amend the articles of association, primarily as regards the stipulation on minimum and maximum number of shares and share capital due to the proposed share split (see below).

The EGM also resolved, as proposed by the Board, to split the shares of the company, whereby each existing share was, on the record day, split into three shares of the same class of shares (share split 3:1). The record day for the share split was November 11, 2020.

As a consequence of the abovementioned share split (ratio 3:1), the company's ongoing Share Savings Schemes (Share Savings Scheme 2017, 2018, 2019 and 2020) will be recalculated in accordance with the terms of respective scheme and the company's Share Bonus Scheme 2020 will be recalculated in accordance with the terms of that scheme.

NOMINATING COMMITTEE

The Nominating Committee is the AGM's body for preparing resolutions related to appointments and is tasked with preparing material to assist the AGM with these matters. Apart from proposing the composition of the Board, the Nominating Committee submits recommendations on AGM Chairman, Board members, Chairman of the Board, Board fees (broken down per Chairman, other Board members and committee membership) and election and remuneration of auditors.

During 2020 the Nominating Committee focused primarily on:

- monitoring and evaluation of the Board and its performance,
- discussion and analysis of the Board's competency requirements based on Sweco's operations, and
- proposals for Board composition and compensation matters ahead of the upcoming AGM.

The current instructions for the Nominating Committee specify that the Chairman of the Board shall convene a Nominating Committee comprised of three or four representatives – one representative from each of Sweco AB's three largest shareholders and the Chairman of the Board if he/she is not a member in his/her capacity of shareholder representative. The names of the Committee members, together with the names of the shareholders they represent, were published on Sweco's website on 19 October 2020 and were based on the known number of votes held by the three largest owners of the company as of the last business day in August 2020.

The Nominating Committee held four meetings in 2020. Ahead of the 2021 AGM the Nominating Committee consists of Eric Douglas representing Investment AB Latour, Birgitta Resvik representing the J. Gust. Richert Memorial Foundation and Chairman of the Board Johan Nordström representing the Nordström family. The Nominating Committee is chaired by Johan Nordström.

BOARD OF DIRECTORS

The Board is responsible for the company's organisation and management of the company's affairs. The Board shall continuously monitor the financial situation of the company and the Group and shall ensure that the company is organised in such a way that its accounting, cash man-

agement and other financial circumstances can be adequately controlled. The Board shall also ensure that its performance is evaluated on an annual basis through a systematic and structured process.

The Board's rules of procedures, including instructions for the division of responsibilities between the Board and the President & CEO, are updated and adopted annually. The rules of procedure regulate the Board's obligations, the division of responsibilities within the Board, the minimum number of Board meetings, the annual agenda and main topic of each meeting, instructions for preparing the agenda and background documentation for decisions.

The Chairman of the Board supervises the work of the Board and is responsible for ensuring that the Board carries out its responsibilities in an organised and efficient manner. The Chairman continuously monitors the Group's development through ongoing contact with the President & CEO. The Chairman of the Board represents the company in matters related to ownership structure. In accordance with Sweco's Articles of Association, the Board is comprised of at least three and not more than nine members.

Composition of the Board

Following 2020 AGM, the Board consists of seven ordinary members elected by the AGM and three employee representatives, with three union-appointed deputies. Until the conclusion of the 2020 AGM, the Board consisted of eight ordinary members. The AGM-elected Board members serve for a one-year period through the conclusion of next year's AGM. With the exception of the President & CEO (Åsa Bergman), none of the AGM-elected Board members have an operational role in the company. Five of the AGM-elected Board members are of Swedish nationality, one of German nationality and one of Swedish and American nationality. There are four female and three male AGM-elected Board members. With the exception of the President & CEO Åsa Bergman, all AGM-elected Board members are independent in relation to Sweco. With the exception of Gunnel Duveblad, Johan Hjertonsson and Johan Nordström, the AGM-elected Board members are independent in relation to the major shareholders.

The 2020 AGM re-elected Johan Nordström as Chairman of the Board. The other ordinary Board members, which were re-elected by the 2020 AGM, are Åsa Bergman, Gunnel Duveblad, Elaine Grunewald, Alf Göransson, Johan Hjertonsson and Christine Wolff. Eva Lindqvist declined to be re-elected. The employee representatives are Görgen Edenhagen, Maria Ekh and Anna Leonsson with Peter Rothstein, Charlotte Berglund and Nicole Corrodi as deputies.

See pages 112–113 for further information on members of the Board.

Work of the Board

Apart from the statutory Board meeting held immediately following the AGM, the Board meets at least six times per year. In 2020 the Board held eleven meetings, four of which were held in conjunction with publica-

tion of interim reports. Due to Covid-19 restrictions, nine out of total eleven meetings were held digitally, with all documentation distributed in advance. Due to Covid-19 restrictions, the Board did not visit any projects in the Sweco countries, as is commonly occurring at the strategy meeting in September. Instead some projects were presented digitally to the Board at the meeting.

In addition to reporting on the development of Sweco's operations and finances, the Board meetings in 2020 devoted considerable attention to organic and acquisition-driven growth, the company's strategic focus, management and HR matters, sustainability, Code of Conduct, risk management, internal control matters and other matters for which decision responsibility is assigned to the Board by the rules of procedure. Executive Team members other than the President & CEO participate in Board meetings to present reports when necessary. The Board Secretary is the company's General Counsel. The company's statutory auditor takes part in at least one Board meeting per year. The results of the evaluation are discussed by the Board and reported to the Nominating Committee. The performance of the President & CEO and Executive Team is also regularly evaluated and is discussed during at least one Board meeting during which the relevant person is not present.

PRESIDENT & CEO AND EXECUTIVE TEAM

The Board has delegated to the President & CEO the responsibility for day-to-day business operations of the company and the Group. The President & CEO supervises the business operations within the framework determined by the Board. The Board has also established instructions governing the division of responsibilities between the Board and the President & CEO, which are updated and adopted annually.

During 2020, Sweco's Executive Team comprised of the President &

CEO, the CFO, the eight Business Area Presidents, the General Counsel, the Chief HR Officer, the Chief Communication Officer and the Chief Strategy & M&A Officer.

For more information on the Executive Team, see pages 114–115.

BUSINESS AREAS

Sweco Group's business activities are organised in eight business areas: Sweco Sweden, Sweco Norway, Sweco Finland, Sweco Denmark, Sweco Netherlands, Sweco Belgium, Sweco UK and Sweco Germany & Central Europe. Each business area is headed by a Business Area President ("BA President") and a Business Area Finance Director ("BA Finance Director").

At least three business area management meetings are held per year for each business area. Sweco's President & CEO and CFO monitor the business areas by participating in business area management meetings with the respective BA President and BA Finance Director, as well as through ongoing contact. The President & CEO is also chair of the business areas' boards of directors. All business areas are subject to the Sweco Group rules for division of responsibilities between business area's board of directors and its BA President. Each business area consists of one or more business divisions that are organised by area of expertise. Each division may be organised by region, department or group, depending on the number of employees.

CONSULTANTS AND LEADERSHIP

Sweco has a client-driven organisation distinguished by far-reaching decentralisation, with a high degree of autonomy for each unit. Under the Group's business model, business momentum is generated by the entire organisation and all employees take part in working with clients. With Sweco's policies and guidelines as a framework, managers at every level in the Group have explicit responsibility and authority to make autonomous decisions and develop their respective operations in line with client needs.

Sweco's size and international breadth place rigorous demands on leadership. Employee dedication and development are critical for Sweco's growth. All employee development is focused on performance, client understanding and knowledge sharing. This work is supported by the annual Sweco Talk performance review. Sweco's continued success relies on strong leaders at all levels and in all of the Group's operating and administrative areas. Sweco invests in management development to ensure strong leadership. Our skilled and committed managers help our clients achieve success and conduct good business and enable our employees to develop. Effective management succession is supported through Talent Review, a process and programme for continuous identification and development of good leaders.

INTERNAL CONTROL, RISK MANAGEMENT AND MONITORING

Control environment

The internal control (over financial reporting and in general) is based on the overall control environment established by the Board and the Executive Team which includes, among others, the culture and values of Sweco. Key components are the organisational structure, management philosophy and style, and responsibilities and powers that are clearly defined and communicated to all levels in the organisation.

Every year, the Board updates and adopts the rules of procedure, instructions to the President & CEO, decision making procedure and authorisation policy and a finance policy and reviews the Group's other policy documents. Rules of procedure for the local boards and instructions to the local presidents are in place in every Group company and are based on the same principles as those that apply to Sweco AB's Board. Sweco also has a number of policies for finance, CSR information, corporate communication, information security, crisis management, data privacy, HR and quality and environment. These policies are the foundation for good internal control.

Sweco's decision making procedure and authorisation policy clearly regulates the allocation of powers at every level, from the individual consultant to the Sweco AB Board. The areas covered include tenders, investments, rental and lease agreements, expenditures and guarantees.

The Audit Committee monitors policies and procedures on financial reporting and reporting to the Board to ensure that internal control

activities focused on these matters are functioning properly. Internal controls are reviewed by Group Internal Audit, as well as the statutory auditor. The outcomes are reported to the Audit Committee.

Risk management

The goal of Sweco's risk management is to secure the Group's long-term earnings growth and guarantee that Sweco's operations in the various business units are able to achieve their objectives.

The company's Board and senior management are ultimately responsible for risk management. Sweco's risk management covers all business areas, companies/divisions and processes in the Group. Each manager is responsible for risk management activities in his/her respective area.

Sweco's goals, which are expressed in the company's business plan and strategy, provide a foundation for the company's risk management. Risk management is based on a group-wide risk analysis. This inventory of risks is aimed at identifying the most significant risks that the Group is exposed to, the probability that these will occur and the potential impact on Sweco's goals. At the same time, the effectiveness of existing controls and risk mitigation measures are assessed. The results of the overall risk analysis have been gathered in a risk map that reflects Sweco's estimate of its risk exposure.

A report on risk management and internal control within the Group was discussed by the Board, the Audit Committee and the Executive Team. Risk management is a standing item on the agenda for each business area management meeting.

Monitoring

Each business area has a BA Finance Director responsible for ensuring compliance with policies, and routines for financial reporting. The BA Finance Directors are also responsible for ensuring the accuracy and completeness of the reported financial information. To further enhance internal control of financial reporting, a self-assessment questionnaire on internal control is produced each year and circulated to all BA Finance Directors in the Group. The purpose of the questionnaire is to track the effectiveness of significant internal controls related to the company's financial reporting as well as other key areas. The submitted answers are analysed and any shortcomings are identified and corrected.

The Group's business system includes a number of functions for financial management, control and monitoring. There are project reporting systems where project managers can continuously monitor their projects and track monthly earnings and key ratios. This can also be monitored on a group, region, division and business area level. Operationally relevant key ratios can be followed up weekly on all of these levels. A group-wide consolidation is carried out every month to measure actual results against budgets and internal forecasts.

Communication about financial reporting also takes place in connection with business area management meetings, which are held regularly. An information policy defines the responsibilities and rules for communication with external parties.

Internal audit

Sweco has a dedicated internal audit function, whose roles and responsibilities are defined in the audit charter. Group Internal Audit consists of the head of internal audit, one group internal auditor and a team of qualified (business) auditors. Business auditors are experienced financial professionals that rotate into Group Internal Audit as part of their management development.

Internal audit work is governed by the annual audit plan, which reflects risk assessment relative to the realisation of business objectives (risk-based approach). The audit plan is approved by the Audit Committee, with detailed audit assignments defined on a quarterly basis.

Audits were conducted in multiple business areas in 2020, mainly focusing on:

- (Financial) project management
- Revenue recognition
- Project governance
- Compliance to GDPR guidelines

A summary of audit findings is reported to the Audit Committee on a quarterly basis.

Read more about Sweco's risks and risk management on pages 96–97.

INFORMATION TO THE CAPITAL MARKET

Sweco strives to provide shareholders, financial analysts, investors, the media and other interested parties with simultaneous, timely, clear and consistent information about the Group's operations, financial position and development.
